- Rechargeable
- Power supply headset: via charger
- Talk time: up to 6 hour(s)
- Standby time: up to 150 hour(s)

Accessories
- Included: earhook(optional), quick start guide, charger

Packaging dimensions
- EAN: 69 23410 72411 0
- Packaging dimensions (W x H x D): 5,1 x 17,5 x 3,1 cm
- Gross weight: 0,062 kg
- Nett weight: 0,035 kg
- Number of products included: 1
- Packaging type: Dummy
- Tare weight: 0,027 kg
- Type of shelf placement: Dummy

Inner Carton
- Gross weight: 0,451 kg
- GTIN: 2 69 23410 72411 4
- Inner carton (L x W x H): 18 x 16,8 x 8,3 cm
- Nett weight: 0,210 kg
- Number of consumer packagings: 6
- Tare weight: 0,241 kg

Outer Carton
- Gross weight: 2,994 kg
- GTIN: 1 69 23410 72411 7
- Outer carton (L x W x H): 53 x 19,5 x 19,5 cm
- Nett weight: 1,260 kg
- Number of consumer packagings: 36
- Tare weight: 1,734 kg

Product dimensions
- Product dimensions (W x H x D): 1,6 x 5,2 x 2,6 cm
- Weight: 0,015 kg

Highlights

Clear, echo free calls
Enjoy clear, echo free calls with the headsets' highly sensitive microphone and smart acoustic design.

Wireless handsfree talking
Using your cellphone without a headset can be inconvenient and unsafe. In many locations it is also illegal while driving. Wired handsfree kits add the hassle of a cable. A Bluetooth headset replaces the cable with a short range wireless Bluetooth connection, so your hands are free and your freedom to move is not hampered by a cable. Because the transmitted energy close to your head is much lower than that radiated from your mobile phone Bluetooth also decreases potential risks associated with cellphone radiation.

Wireless call management
Manage your call without using your mobile phone. This includes call aceptance, rejection, voice dial and redial. Voice dial and redial have to be supported by your mobile phone.

Bluetooth HSP/HFP compliant
Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Handset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP (like virtually any Bluetooth enabled phone) this headset will work with it. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Koninklijke Philips Electronics N.V. is under license.

Ergonomic earhook
The ergonomic earhooks size can be adapted in various steps to fit your ears, which will not only increase comfort but also ensure a safe fixture. In addtion the earhook can be adapted to acomodate both left- and right-ear wearing styles.

Pair two Bluetooth devices
Pair two Bluetooth devices simultaneously
